

SERVICES: PROJECT MANAGEMENT

We offer a unique set of both services and products that work together to get you the office that you need. Whether it's a home or small business desk, hundreds of complete work stations(cubicles) or corporate offices...we have the team to get you there.

**Office
Furniture** **NOW!**

©2020 Office Furniture NOW!

Office Furniture NOW! offers a unique set of both services and products that work together to design and develop the office that your team needs to be productive. We design for everything, from a home office desk, to a small business office suite, to hundreds of complete work stations(cubicles) at multiple locations, and everything in between.

Our large showroom and warehousing capabilities exhibit hundreds of choices that you can see when you visit to inspire your next move, upgrade or startup.

Our Furniture Consultants are experienced and educated in a variety of office furniture approaches. When you contact us, you will be interviewed regarding your vision, needs and budget. AutoCAD and Visualization 20-20 design software are used to create on-site layouts and alternative designs. We gladly schedule one or more individualized consultations to ensure that what you envision is brought to reality.

Our GOOD-BETTER-BEST options provide flexible pricing for to you choose from:

- **Pre-owned High-end**, quality “as-is” furniture
- **Re-Fabricated pre-owned** office furniture which can be recovered with fabric of your choice
- **New office furniture** from a variety of well-known product lines
- **A combination** of these three alternatives

Your Furniture Consultant will work diligently to provide options that suit your available space, provide the look or feel that you want ranging from traditional to contemporary or specially-designed, as well as being mindful of your budget.

If you are building we can provide CAD drawings to your architect with your furniture placement predetermined. Just email us the floor plan, experts@officefurniturenow.com.

Office Furniture NOW! also provides delivery and installation services to complete your project. Our installation professionals are trained in the office products we provide, so that the installation process is seamless.

When you outgrow or relocate, we can provide options to buy back, or trade-in, office furniture, equipment and accessories when you expand, upgrade or move.

We encourage startups with vivid imaginations to visit our [Inspired Workspaces](#) design boards for great ideas. Then [schedule a consultation](#) to come visit our showroom full of possibilities, and meet with one of our expert Furniture Consultants to begin your dream office!
